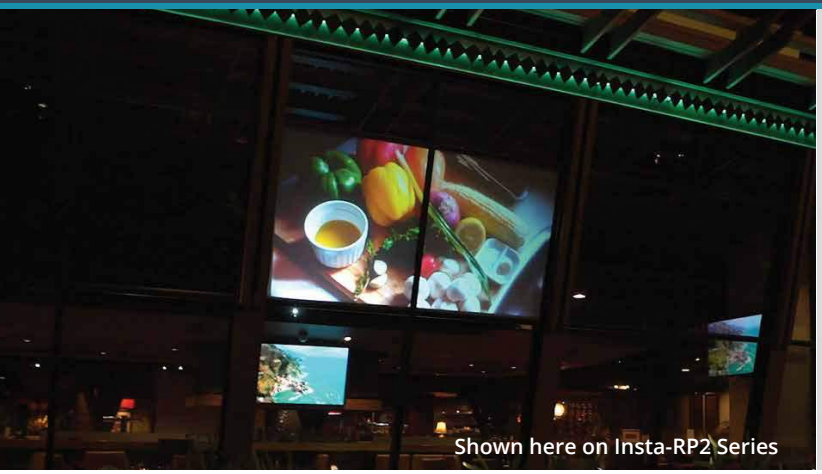
WraithVeil® 2 Material

Rear Projection Material Film

DESCRIPTION

Elite's WraithVeil® 2 is an optical rear projection screen material film. It is applied to clear glass/Plexiglass panels for the purpose of converting them into rear projection screens. Application is simple. Clean and moisten the glass surface, remove the protective film and apply. WraithVeil® 2 material is ideal for retail store windows, hanging signage, commercial offices, restaurants and nightclubs. Its special 2.2 gain brightness is ideal for ambient light while its design enhances color reproduction and black level contrast with 180° wide uniformity.



Shown here on Insta-RP2 Series

MATERIAL SPECIFICATIONS

- Rear projection material with 2.2 gain
- Viewing Angle: 180° (90° L/R)
- Textured PET (Polyethylene Terephthalate)
- Material is easy to clean and maintain
